22 responses

Self-learning Component

Review of Quiz

3. Who should be applying the Sustainable Development Goals (SDGs)?

22 responses

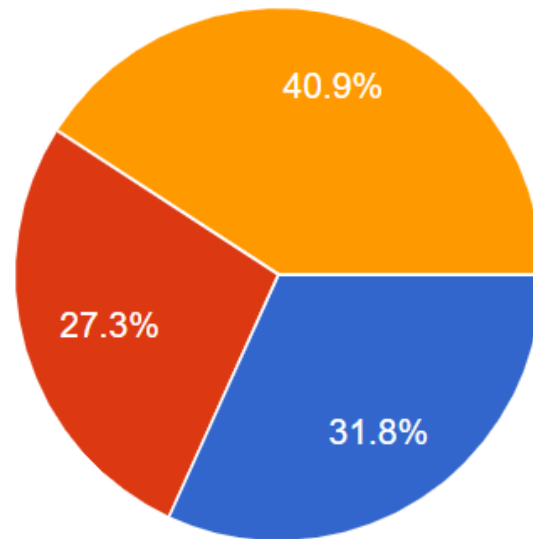

Self-learning Component

Review of Quiz

4. In the context of the SDGs, the 5PS are,

22 responses

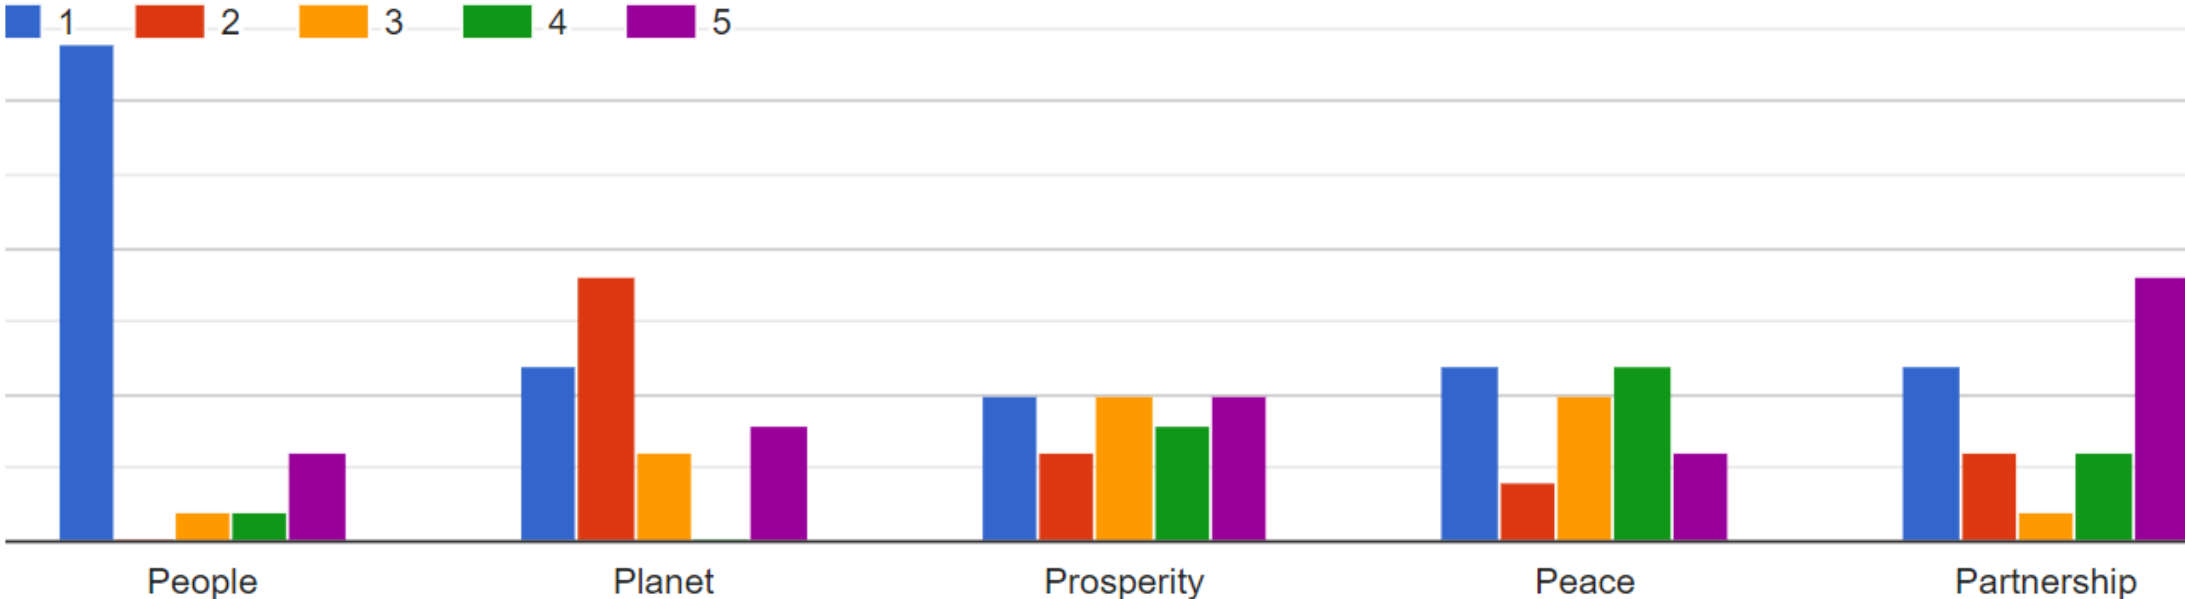

- A new set of goals based on the SDGs
- The 5 steps to achieving sustainable development
- A framework to understand to the SDGs

Self-learning Component

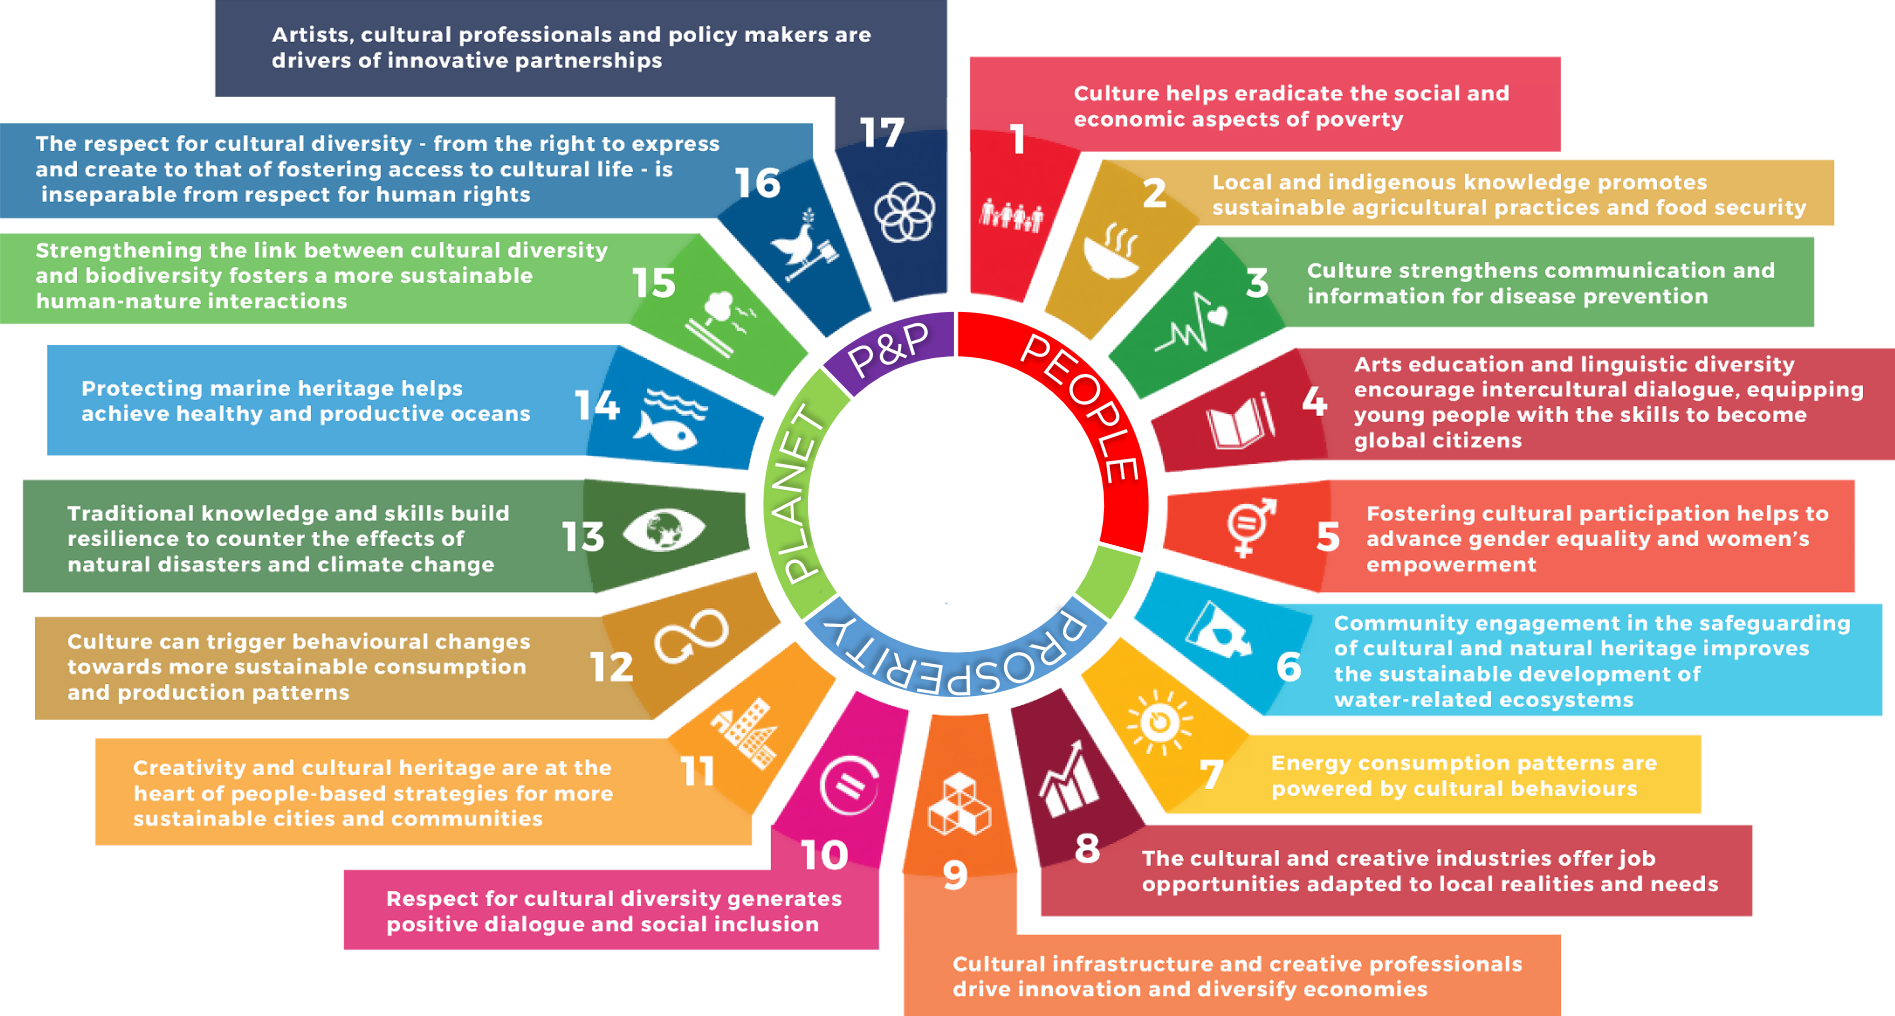

Review of Quiz

5. According to you, what is the order of importance of the 5Ps in the context of sustainable heritage management (1 = most important and 5 = least important)?

Self-learning Component

Review of Quiz

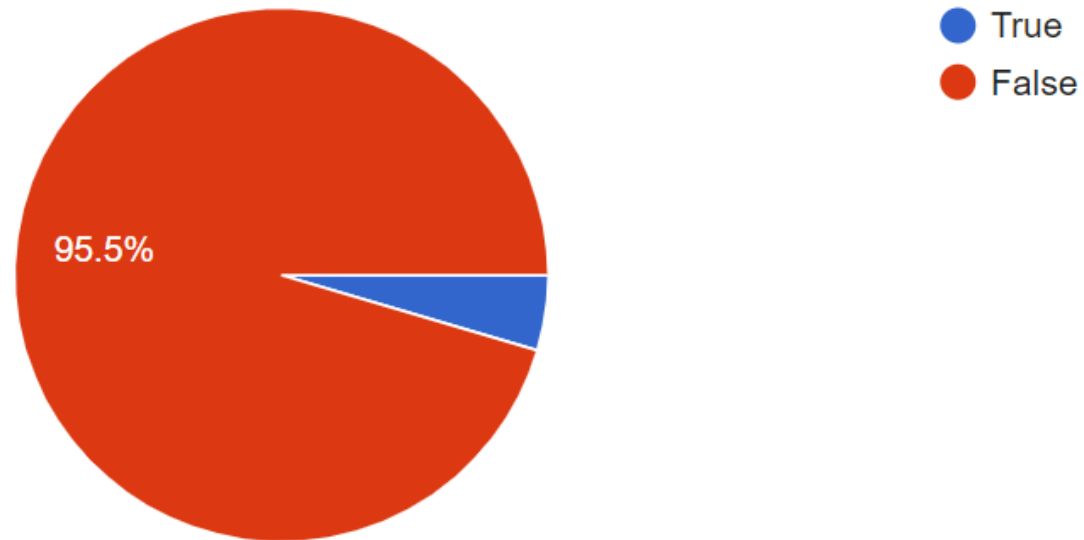

Self-learning Component

Review of Quiz

6. If a heritage place is significantly damaged in a natural disaster, its value is completely lost.

22 responses

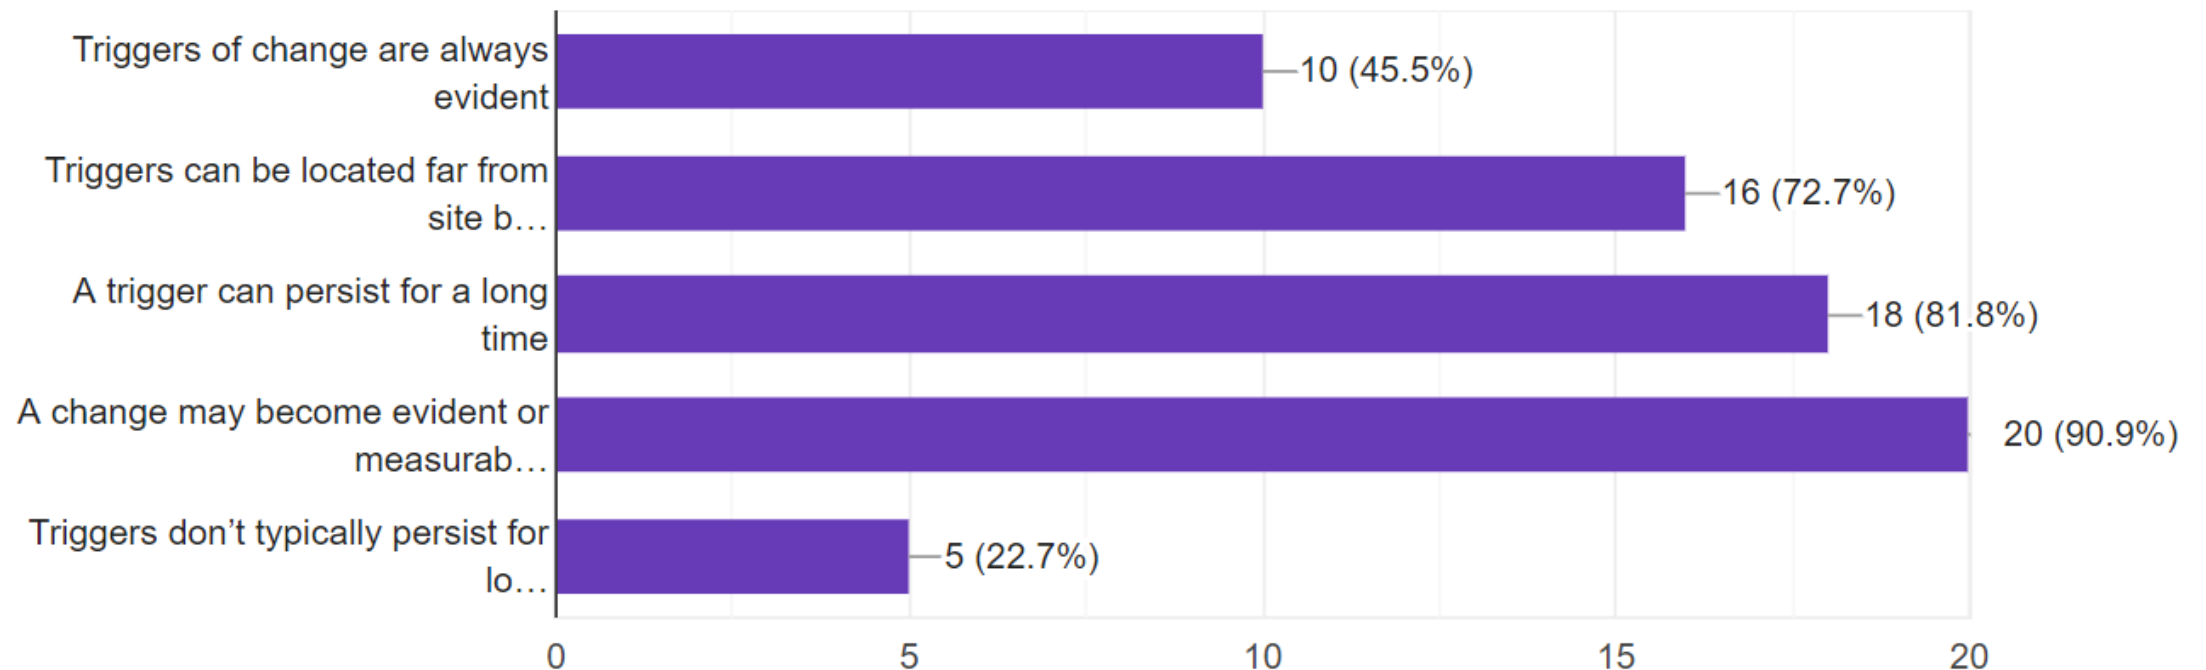

Self-learning Component

Review of Quiz

7. Which of the following statements about "triggers of change" are true (select all that are applicable)?

22 responses

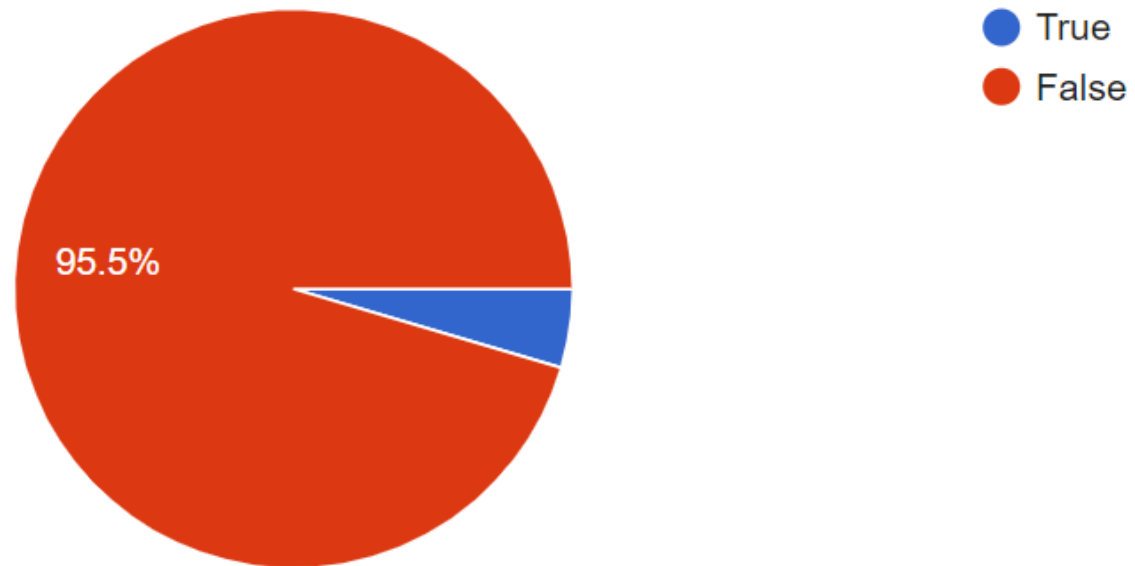

Self-learning Component

Review of Quiz

8. Heritage is an obstacle in development and progress.

22 responses

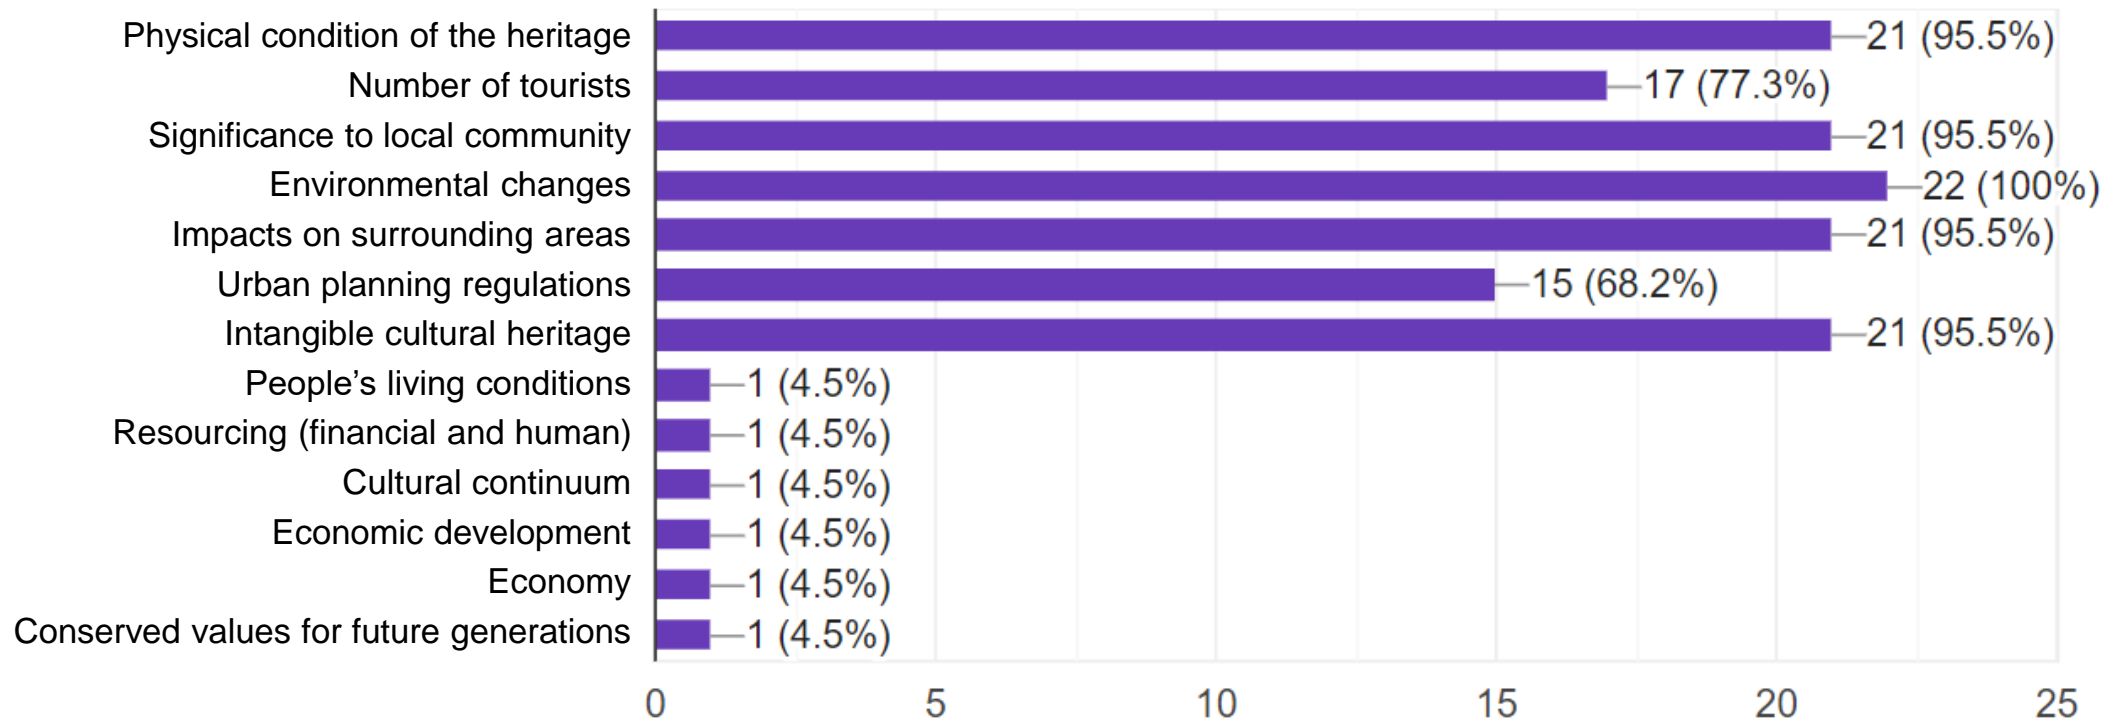

Self-learning Component

Review of Quiz

9. When thinking about sustainable heritage management, it is important to think about (select all that are applicable).

22 responses

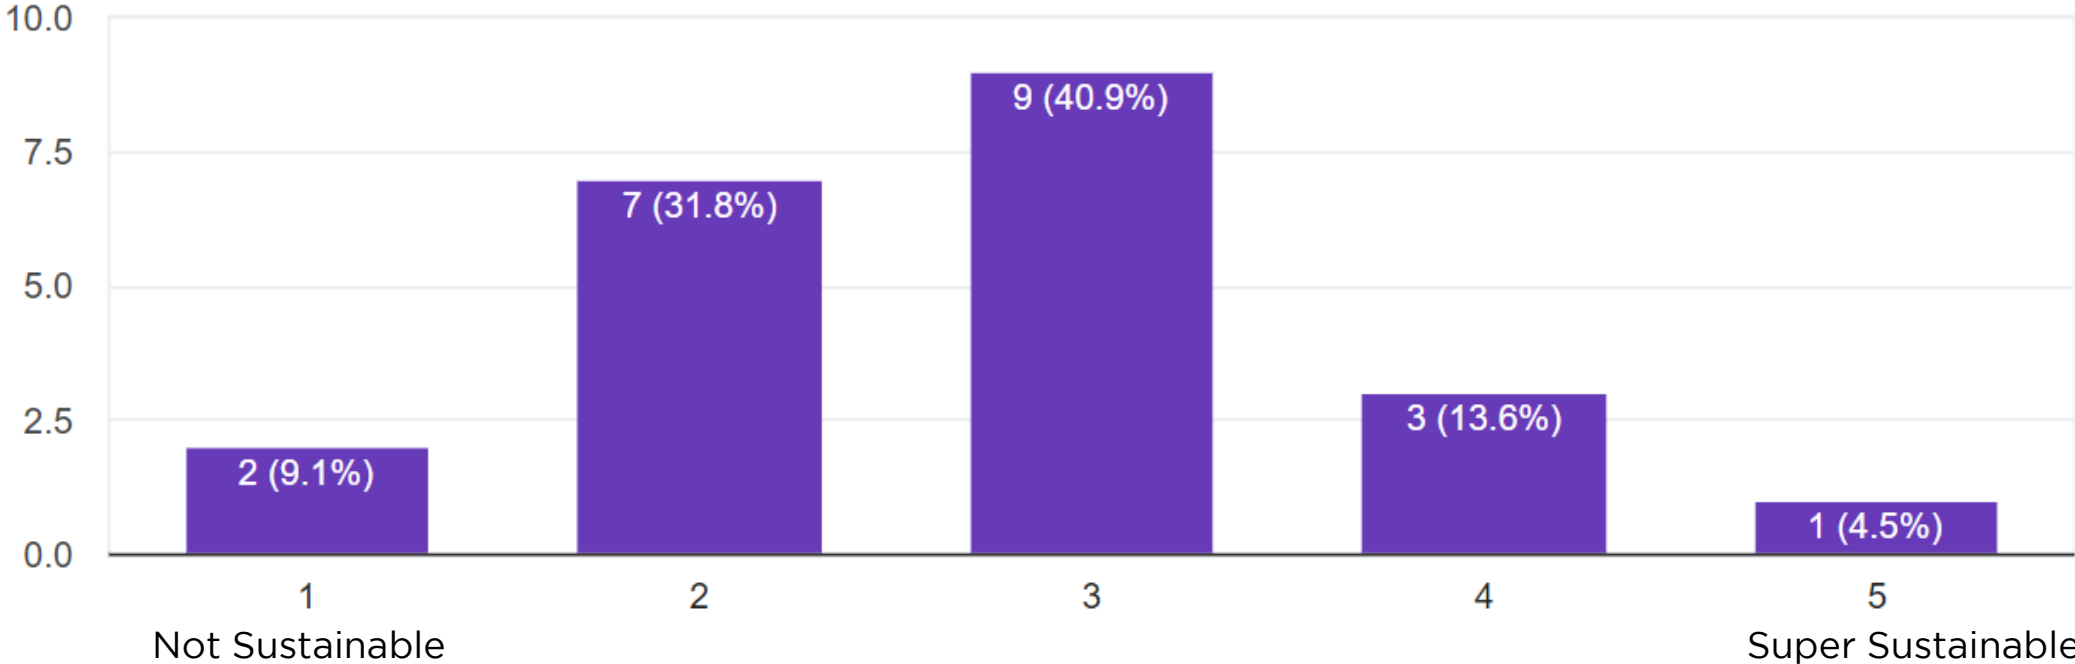

Self-learning Component

Review of Quiz

10. In the example of Lee Tung Avenue (shared in Session A2), rate the success of the project in response to the three pillars of sustainable development

22 responses

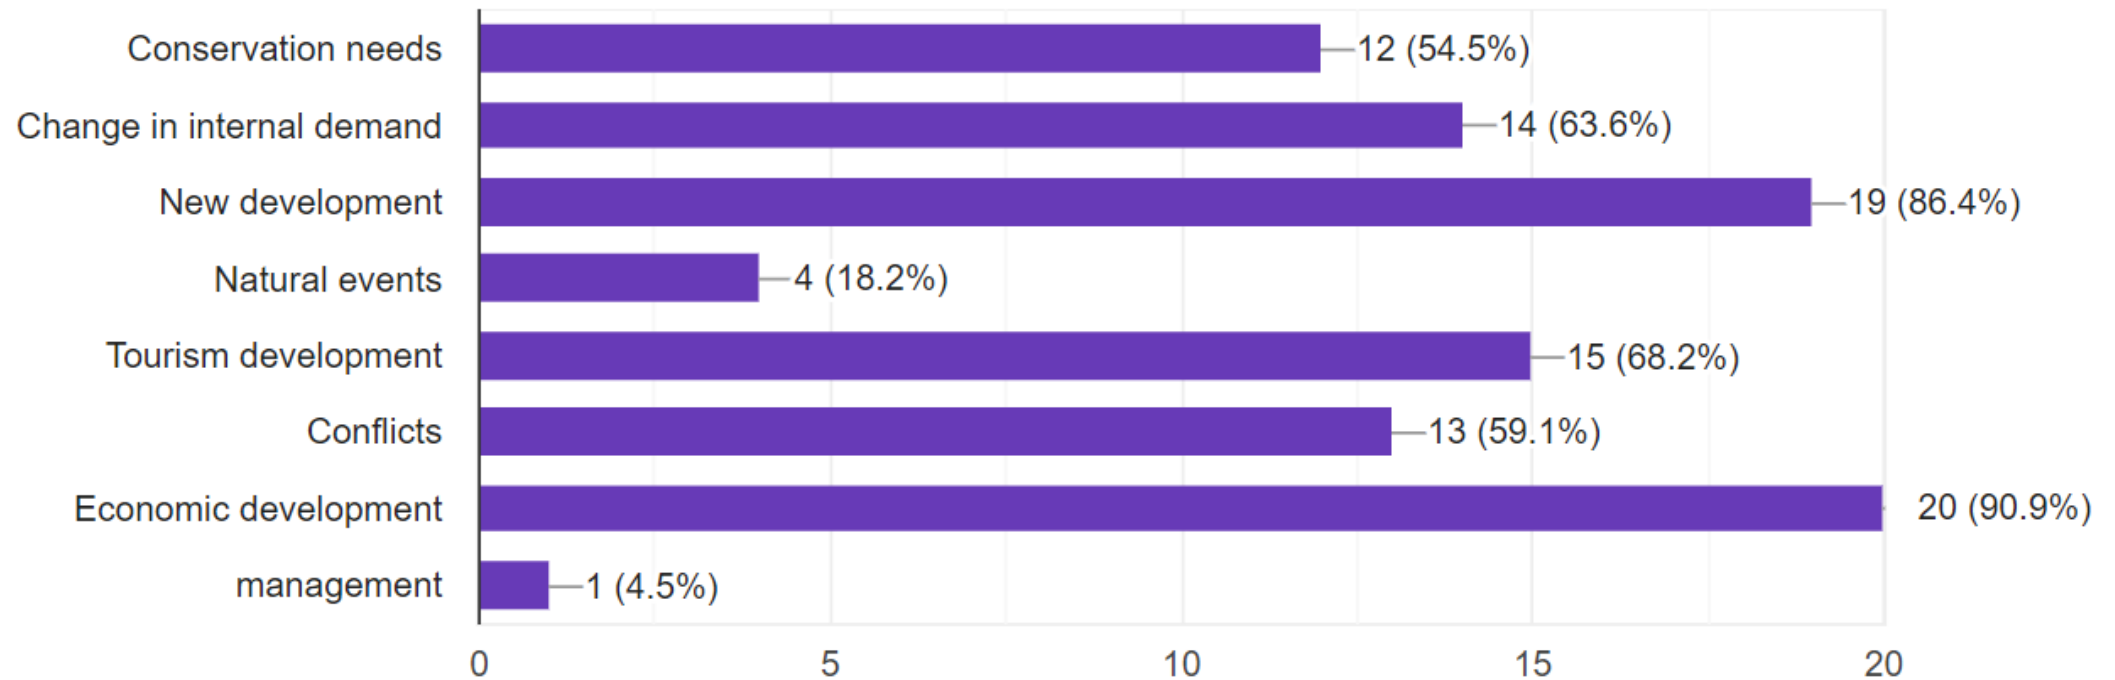

Self-learning Component

Review of Quiz

11. What could be some of the internal and external triggers impacting the Lee Tung Avenue site? (select are that all applicable)

22 responses

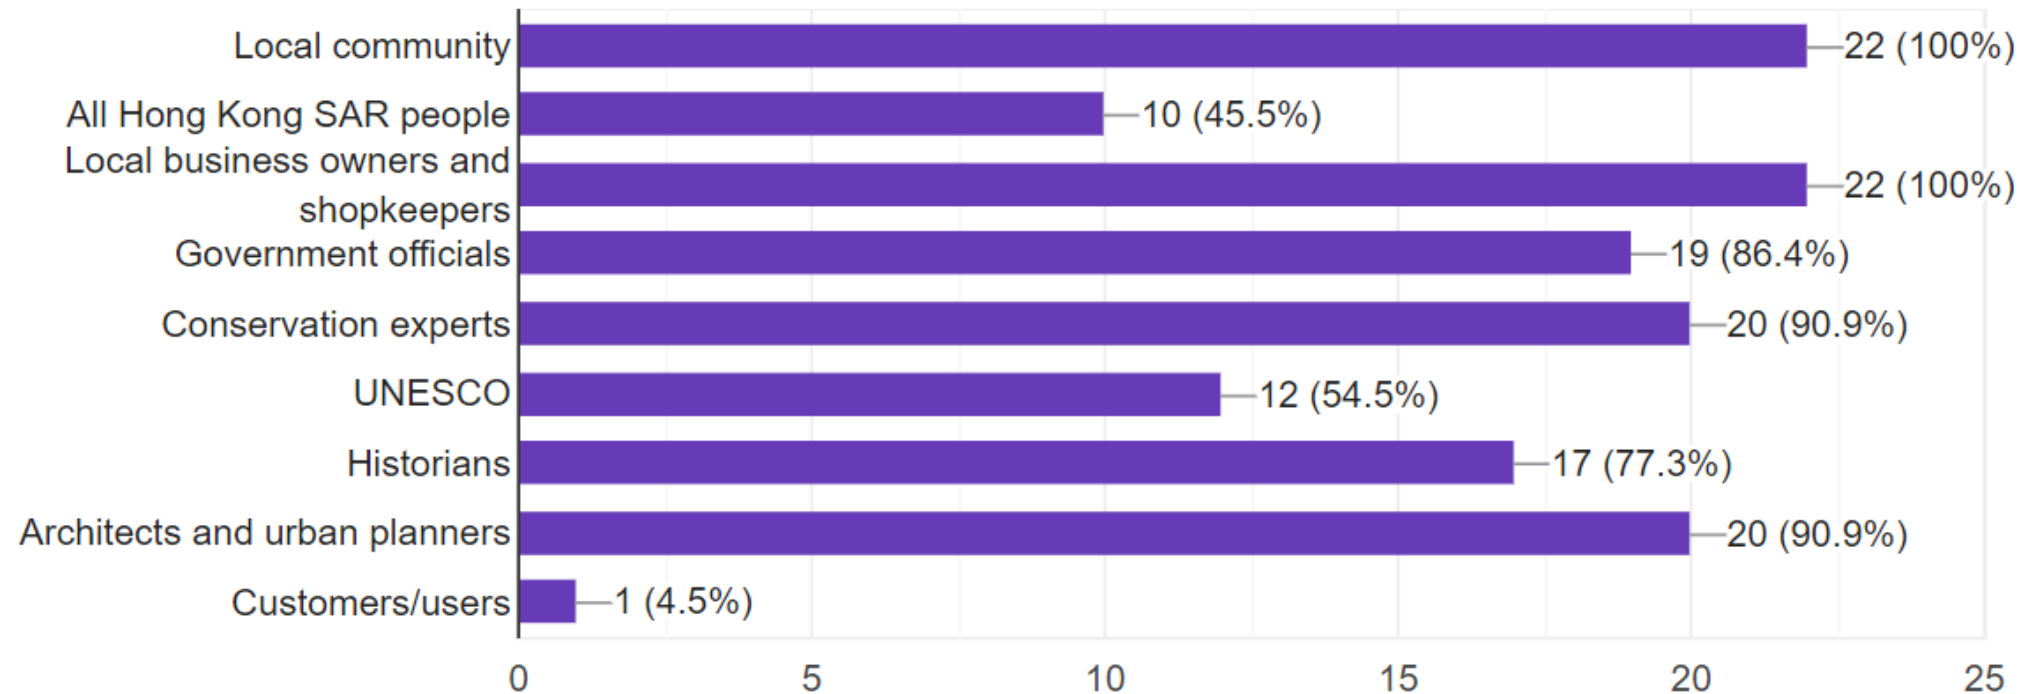

Self-learning Component

Review of Quiz

12. In a best case scenario, who should have been involved in the decision-making of the Lee Tung Avenue project (select all that are applicable)?

22 responses

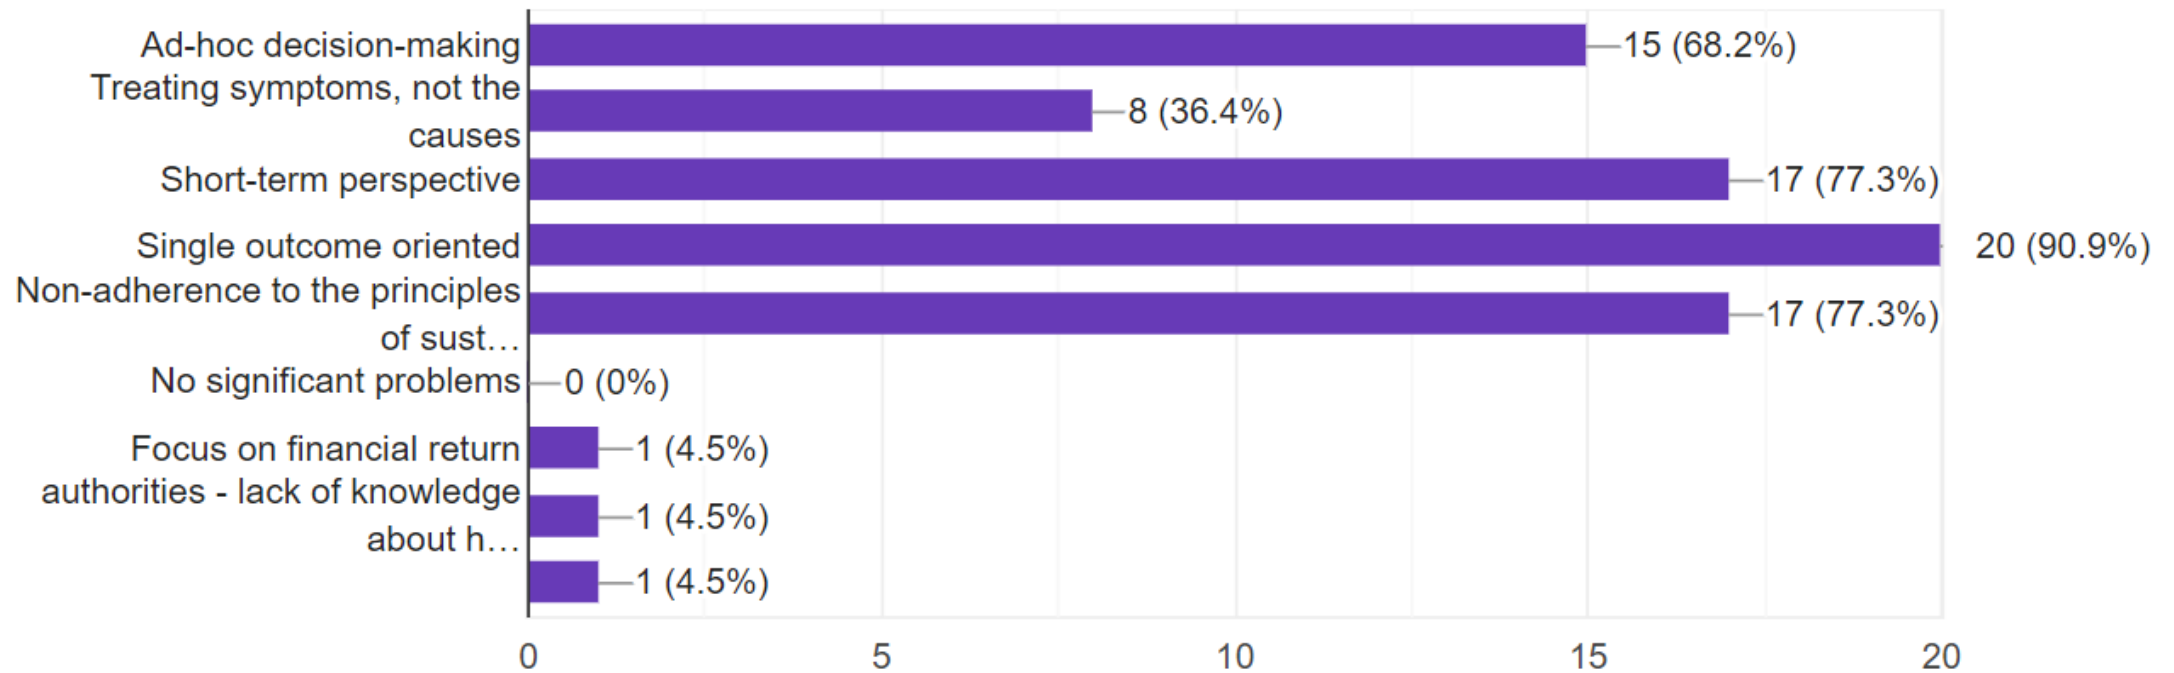

Self-learning Component

Review of Quiz

13. What do you think were some problems with this project (select all that are applicable)?

22 responses

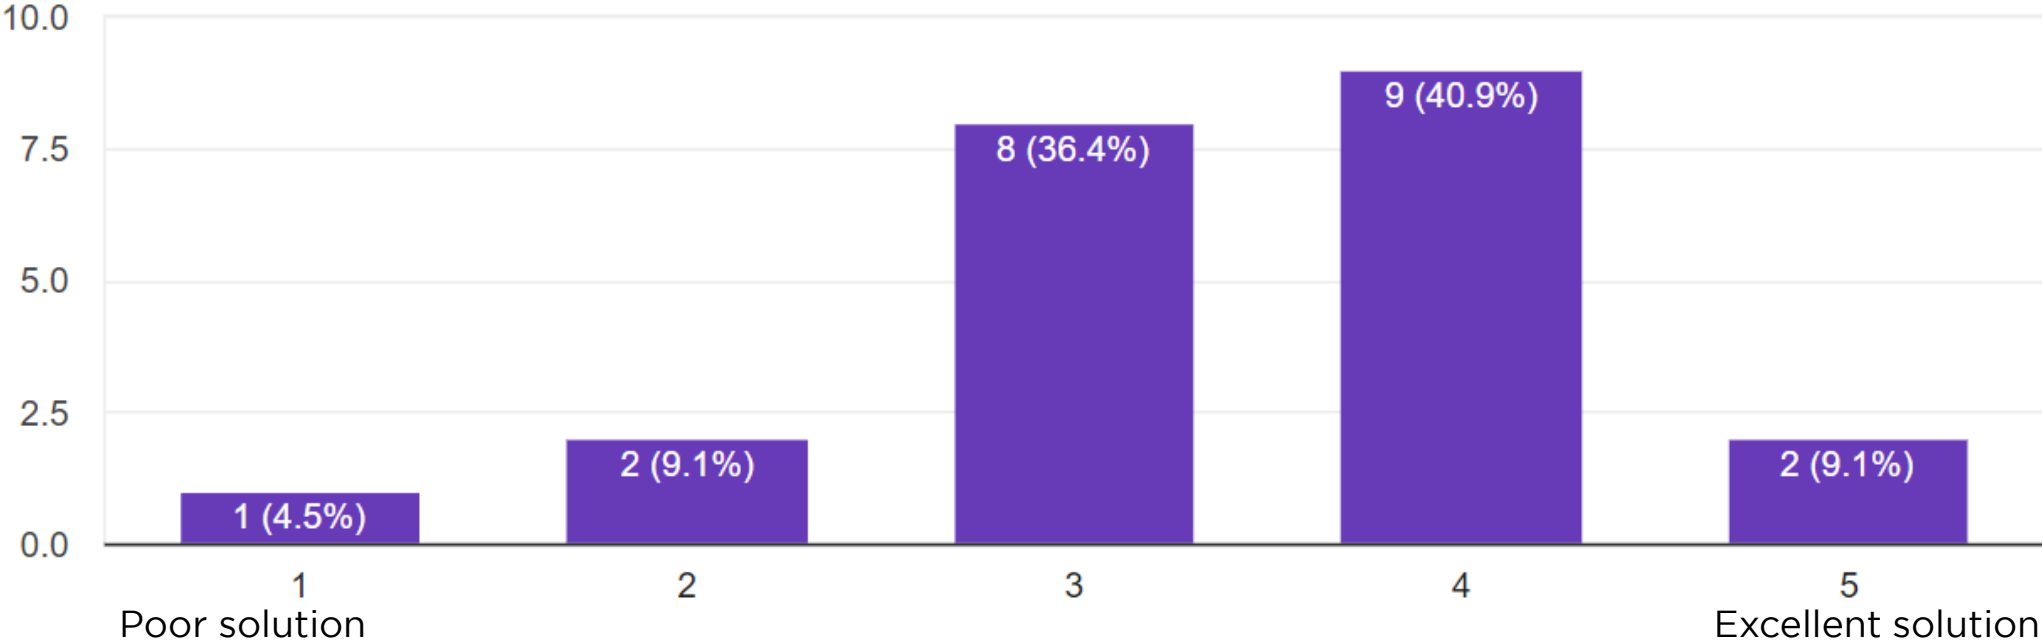

Self-learning Component

Review of Quiz

14. As an alternate scenario, what if Lee Tung Avenue was converted into a museum (with interconnected buildings)?

22 responses

Case Study of Central Market Hong Kong SAR, China

Hong Kong SAR, China

Central Market

Background

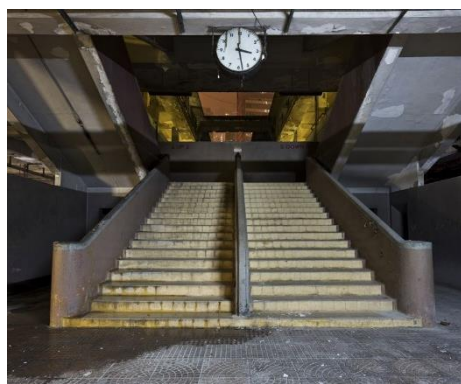

This was a market building in Hong Kong, designed by British Government architects.

It was the third market on the same site.

Hong Kong SAR, China

Central Market – Timeline

Hong Kong SAR, China

Central Market

Significance

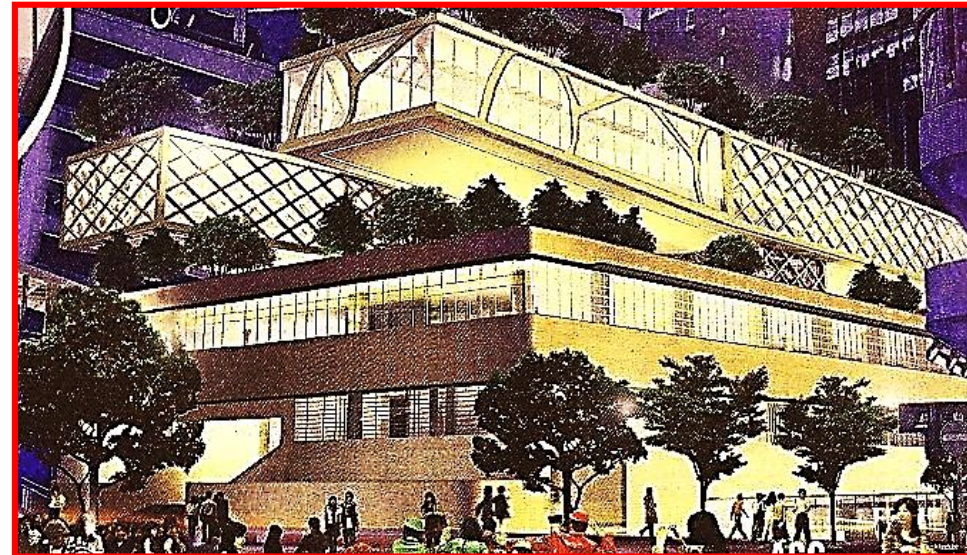

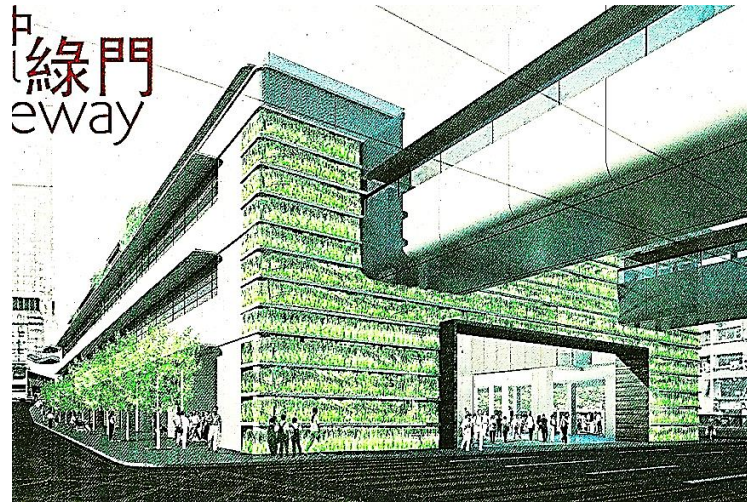

- Before World War II, it was one of the most modern market facilities in colonial Hong Kong.
- Today, it is the most intact surviving pre-war market in Hong Kong SAR, China.
- For different generations of Hongkongers, it is an important local landmark and collective memory of the past way of life.

Central Market – Your Views

Step 1 – On a separate device (or smartphone) go to the link www.menti.com

Step 2 – Enter the code as shown on the top of next slide

Step 3 – Type your answers and watch them appear on this screen here!

Let's do a test run!

*Message us in the chat box if you have any issues

Go to www.menti.com and use the code 99 20 33 7

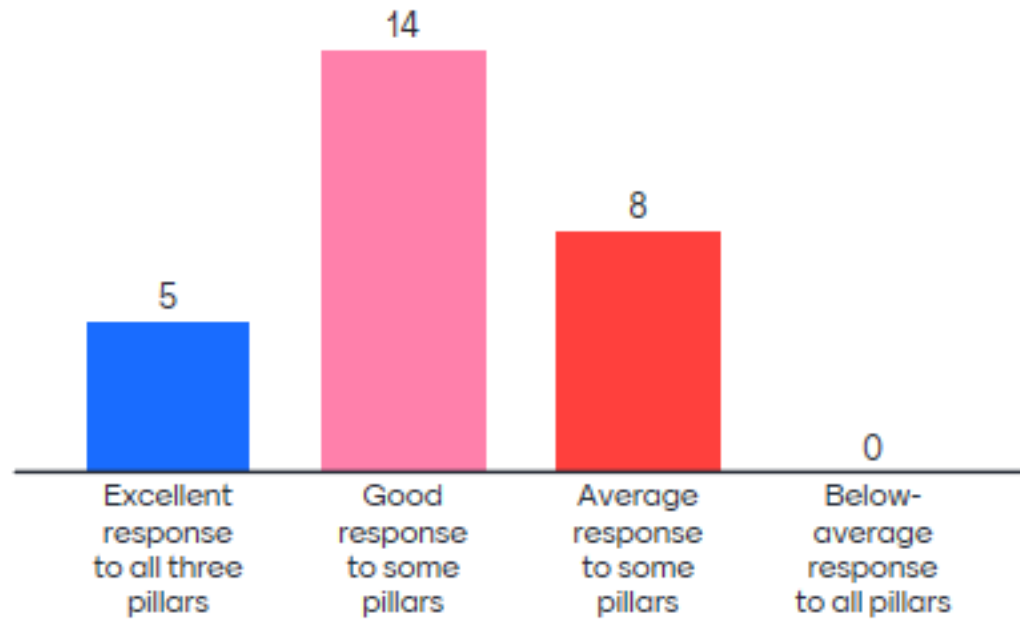

How would you describe the year 2020 in one word?

Mentimeter

Go to www.menti.com and use the code 99 20 33 7

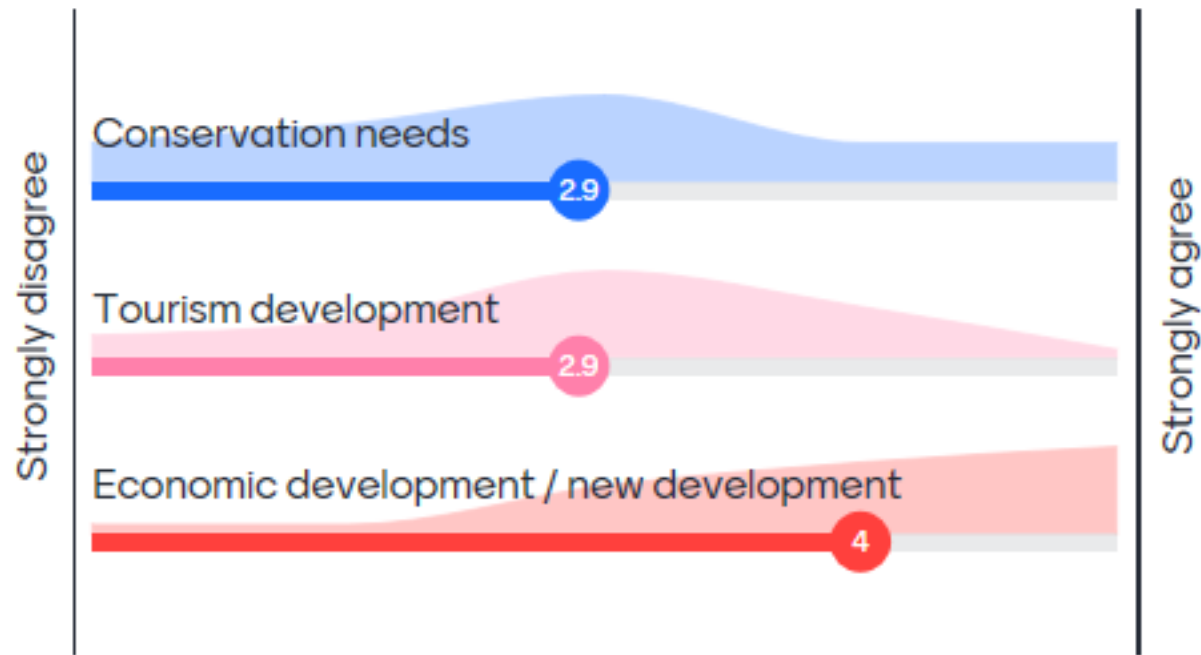

For the Central Market project, rate the success of the project in response to the three pillars of sustainable development

Go to www.menti.com and use the code 99 20 33 7

What could be some of the internal and/or external triggers impacting Central Market?

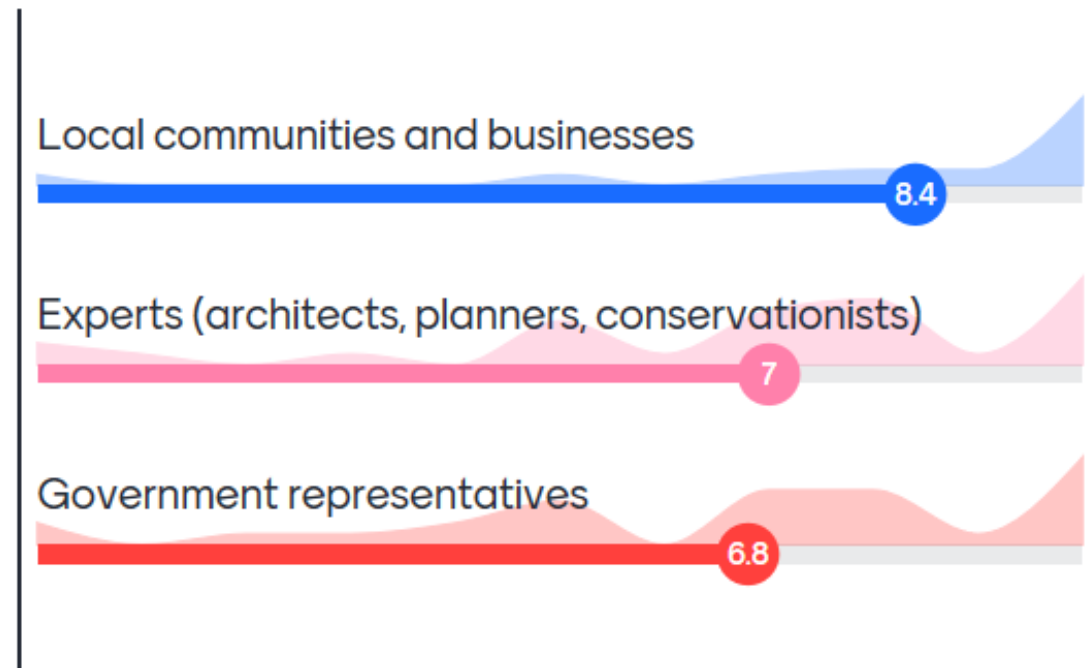

Mentimeter

Go to www.menti.com and use the code 99 20 33 7

In a best case scenario, who should have been involved in the decision-making of the Central Market project

Mentimeter

Go to www.menti.com and use the code 99 20 33 7

As an alternate scenario, what could be another use for Central Market?

Mentimeter
